

UX Testing + UI Iteration

	User Interface: <i>How could the styling of elements be changed to make a more visually appealing, clear, and space efficient layout?</i> (ex: sizes, colors, fonts, alignment, etc.)	User Experience: <i>What elements of the user experience could be improved to make the page more intuitive and more fun/satisfying?</i> (ex: sounds, hover effects, press effects, etc.)
User 1 : <i>COoper</i>	<ul style="list-style-type: none">• Add more content to the home page. Example: background, fill empty space home page, really bland• For brands tabs make video background and add images on top• Keep the drive's images constant with no background	<ul style="list-style-type: none">• Add hover effect to navbar buttons• Click effects to ALL buttons• The driver clicks change video or something
User 2: <i>Vivian</i>	<ul style="list-style-type: none">• Description videos• Fill the page home page• Change the background color to something more colorful• Add car brands to the home page	<ul style="list-style-type: none">• Add hover effects• Add famous quotes for each driver• Onclick rev sound effect home page
User 3 Name: <i>Ayden</i>	<ul style="list-style-type: none">• Change the background color to match the brands• • 	<ul style="list-style-type: none">• Whenever you click home change it to a different images/ video• Add a icon the ferrari vdiep• Change cursor pointer to pointer for navbar
User 4 Name: <i>Salavdor</i>	<ul style="list-style-type: none">• U• • 	<ul style="list-style-type: none">• • •
User 5 Name: <i>Name Here</i>	<ul style="list-style-type: none">• • • 	<ul style="list-style-type: none">• • •
